CodeAge / aDDress 2nd Joint Annual Meeting

Workshop on Regulation of the (Epi) Genome
during Ageing

European Summer School on Gene Regulation
Marie Curie ITN Midterm Review Meetings

www.itn-codeage.eu
www.itn-address.gr

09-13 June 2014 in Heraklion, Crete

9 JUNE 2014

WORKSHOP ON REGULATION OF THE (EPI) GENOME DURING AGEING

Auditorium Giorgos Liannis

Time

9:30 AM	Welcome Coffee Chair: Björn Schumacher
10:00 AM	Evi Soutoglou: Nuclear Structure and DNA Repair
10:30 AM	Cagatay Guenes: Telomerase sensitizes mammalian cells to aneuploidy-induced transformation by alleviating telomere replication stress
11:00 AM	Hannes Lans: Chromatin remodelers in Nucleotide Excision Repair
11:30 AM	Joris Pothof: MicroRNA-based cell preservation: a novel response in aging.
12:00 AM	Marco Foiani: Connecting metabolism and DNA damage response
12:30 AM	Lunch Break
1:00 PM	Chair: Evi Soutoglou
1:30 PM	George Garinis: Linking NER defects to developmental defects and disease
2:00 PM	Björn Schumacher: Systemic DNA damage responses: Organismal adaptations to genome instability
2:30 PM	Joachim Lingner: Analysing telomeric chromatin in health and disease
3:00 PM	Jean-Marc Egly: NER factors in Transcription
3:30 PM	Coffee Break
4:00 PM	CodeAge Fellows' Meeting Lecture room Pagiatakis
4:30 PM	aDDress Fellows' Meeting Auditorium Giorgos Liannis
5:00 PM	
5:30 PM	
6:00 PM	
6:30 PM	
7:00 PM	
7:30 PM	
8:00 PM	
8:30 PM	

10 JUNE 2014

EUROPEAN SUMMER SCHOOL ON GENE REGULATION

Auditorium Giorgos Liannis

Mechanisms of genome dynamics

Wim Vermeulen: DNA damage and DNA repair mechanisms
Lachaud Christophe: DNA replication and DNA damage
Babis Spilianakis: Nuclear dynamics, gene expression
Vasiliki Theodorou: Next generation sequencing platforms
Coffee Break
Zusana Jasencakova: Chromatin dynamics during replication and epigenome stability
Karsten Heidtke: How reliable is data analysis and interpretation
Sergio Ruiz: DNA-damage and replicative stress responses during somatic cell reprogramming
Lunch Break
Vasiliki Nikolettou: Stem cells and neurobiology
Joachim Lingner: Telomerase regulation in cancer and telomere syndromes
Nektarios Tavernarakis: Translation & ageing
Coffee Break
Shuttle Bus Pickup
Social Event (Knossos)

Model systems in DNA repair and ageing

David Lydall: Saccharomyces Cerevisiae
Björn Schumacher: Chaenoharbditis elegans
George Garinis: Mus musculus
Fabrizio d'Addo di Fagagna: Cellular senescence
Coffee Break

Technology-based methodologies

Theo Kosteas: Mouse genetics and Gene targeting
Matthias Rielker: C. elegans as experimental system: Powerful genetics and beyond
Harald Mischak: Proteomics-based methodologies

Ageing and Disease

Complementary Skills

Artemis Saitakis: Patent IP & Patent exploitation	2:30 PM – 3:10 PM
Harald Mischak: Exploiting results from scientific research: the SME perspective	3:10 PM – 3:50 PM
Irene Athanassakis: Principles in Bioethics	3:50 PM – 4:30 PM

Auditorium Giorgos Liannis

12 JUNE 2014

MARIE CURIE ITN MIDTERM REVIEW MEETINGS

Lecture room Pagiatakis

CodeAge Midterm Review Meeting (closed session for CodeAge partners & fellows only)
--

Lunch Break

aDDress Midterm Review Meeting (closed session for CodeAge partners & fellows only)
--

Dinner

13 JUNE 2014

Lecture room Pagiatakis

Meeting between CodeAge Fellows and REA representative (closed session for CodeAge fellows only)
--

Feedback & Open Discussion (closed session for CodeAge partners & fellows only)

Restricted Session

Coffee Break with Buffet Lunch

Meeting between aDDress Fellows and REA representative (closed session for aDDress fellows only)
--

Feedback & Open Discussion (closed session for aDDress partners & fellows only)

Restricted Session

Conference room Stelios Orfanoudakis
